C.A.B.R.A FOR YOUTH CLG

Strategic Plan

2018

2021

Creating a fun, safe and supportive environment in which young people can voluntarily engage in programmes and activities based on their needs and interests.

Welcome to CABRA for Youth’s Strategic Plan 2018-2021.

CABRA for Youth is a community based independent youth service founded in 2008 working directly with young people aged 10-24 years living in the greater Cabra area.

We offer young people in Cabra a fun, safe and supportive environment within which they can voluntarily engage in programmes and activities based on their needs and interests.

Our priority at Cabra for Youth is to promote and encourage the active participation of young people from the Greater Cabra Area who are deemed to be at risk, vulnerable, and/or marginalised within our community.

Cabra for Youth Clg operates primarily from Parkside Sports & Community Centre, Ratoath Road. Further to onsite activities and programmes the project staff carry out regular outreach within the catchment area, whilst also providing offsite activities such as kayaking, biking, environmental projects and street art projects at various locations in our community.

There are four strategic themes central to our work with young people:

- **Sustainability**
- **Service Expansion**
- **Interagency Collaboration**
- **Volunteer Development**

Cabra For Youth Clg is directly funded by Department of Children & Youth Affairs through the City of Dublin Youth Service Board (CDYSB) and the Department of Justice Equality & Law Reform through Irish Youth Justice Service (IYJS), hosting a mainstream Youth Service and Garda Youth Diversion Project respectively .

Our strategic plan was developed in-house in consultation with various stakeholders. The Board of Management would like to thank all of those who participated in this process, young people, staff, and fellow practitioners from our local community. We would also like to thank Sinead Carolan and Mark Finn for the lead role they played in ensuring the successful completion of this plan. We are very excited to now begin the process of its implementation over the next 4years.
